

half days, at an expense of \$150. This Copper is worth about \$125 per ton here, and costs about 40¢ per ton transportation. The Hawaian has 150 tons on the surface. The plank road to connect these mines with the Chilanoqua Railroad is nearly completed.

The Pennsylvania and Lehigh Zinc Company received 440 lbs white oxide today from their works.

The aggregate imports of the first two weeks of this month were \$316,600, against \$255,500 for the same period of last year. The exports of the past week were, exclusive of specie, \$1,518,600, against \$946,284, and for the last six weeks \$2,561,964, against \$2,454,615, an increase of \$6,107,050, or nearly 60 per cent., over last year. The exports of specie thus far this year are \$5,000,000 less than the same period last year.

We are authorized by Mr. Corning to state that the paragraph in relation to an assignment of the Albany Northern Railroad, copied from a Troy paper, is without a particle of foundation. The paragraph was an invention of some Trojan from beginning to end. No such assignment has been made or intended, and no ground given for such a rumor excepting the registering in Rensselaer Co. of a second mortgage, the bonds issued under which have been recently taken in Albany.
